# Coordinator for Greece

**MEDASSET**  
Mediterranean Association  
to Save the Sea Turtles

MEDASSET Vision: **A richly bio-diverse** Mediterranean **Sea** with protected marine and coastal ecosystems in which sea turtles thrive

We have joined forces with Healthy Seas in order to **clean the oceans** and **seas** of derelict fishnets responsible for the needless death of marine animals

We became an official coordinator partner for the Mediterranean Pilot Region (Greece)

to Save the Sea Turtles

Our Tasks Include:

- 1) **Establishing partnerships with fishermen associations and fish farms** for the collection of waste nets
- 2) Carrying out underwater cleanups in cooperation with professional technical divers
- 3) Communicating the activities of the initiative in order to **raise awareness on the issue of 'ghost nets'**
- 4) Involving other partners to **achieve a multiplying effect**

Since March:

We have been scouting for potential fishermen associations: we are concluding agreements with the associations of **Alimos, Mikrolimano and Perama** and we are in contact with others all around Greece.

Our aim is to involve as many as possible in the process

We teamed up with “Innerspace Explorers Greece” dive club

We are researching on spots to perform 10 diving actions according to where we could have the biggest impact
