

## HEALTHY SEAS RESULTS, 2015

CATCH UP ON OUR 2015 RESULTS  
AND STAY TUNED FOR EXCITING UPDATES  
THROUGHOUT 2016

### Marine Protection | Action against waste fishing nets

Our non-profit activities include the recovery of fishing nets by volunteer divers and their storage in special facilities, in addition to educational and prevention programs.

### FISHING NET RECOVERY

We run pilot projects in three regions where our divers recover ghost nets from the bottom of the sea.

#### The Netherlands

divers + fishermen - 55.5 tons

#### Belgium

divers - 550 kg

#### UK

NEW! divers - 500 kg

#### Greece

NEW! divers + fishermen + fish farmers - 37,1 tons

#### Italy

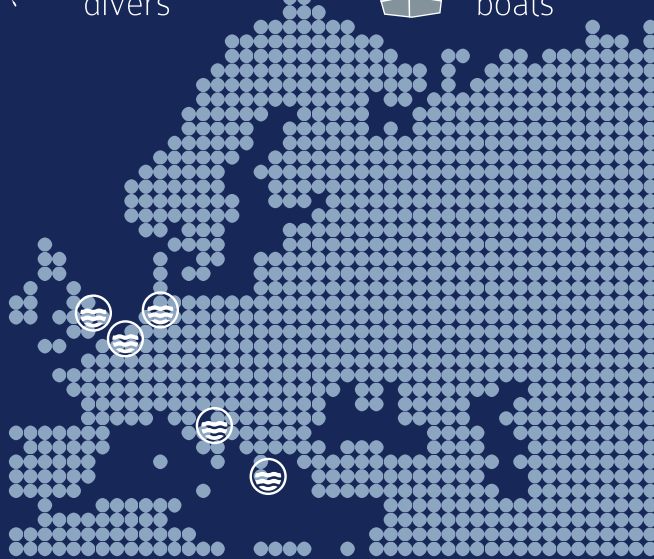

NEW! fishermen - 15 tons

75 volunteer divers

650 fishing boats

### Nets recovered

### PREVENTION

We identify preventive measures through collaboration with various stakeholders involved, such as the fishing industry, fish farms, salvage companies and others.

4 NEW HARBOURS:  
3 in Greece: Mikrolimano, Alimos, Perama  
1 in the Netherlands: Urk

We joined the GLOBAL GHOST GEAR INITIATIVE committed to driving solutions to the problem of lost and abandoned fishing gear worldwide.

Through CROWDFUNDING within 2 months we raised nearly 18.000 euros with the purpose of cleaning 10 tons of nets from the North Sea.

### AWARENESS RAISING

We work on raising public awareness of the ecological and economic importance of healthy seas.

4 DOCUMENTARIES in TV programs:  
Earthrise, Al Jazeera  
Abenteuer Leben, Kabel1, Germany.

Main EVENTS:  
- European Maritime Day 2015, Piraeus, Greece, May 2015.  
- Launch of the Global Ghost Gear Initiative, London, UK, Sept. 2015.

### New Products | New sustainable textiles

In the final step beautiful and sustainable textile products are created. They continue to tell the powerful story of the journey from waste to wear.
